Follow-up and Support Results

Teachers will gain knowledge on how to use and implement the Intel teaching tools in their classrooms to support student learning and increased performance through 21st Century learning strategies:

- **effective questioning**
- **higher-order-thinking**
- **problem solving**
- **reasoning**

During the weeks between early release training dates, a minimum of two follow-up grade – level /department meetings, devoted to Intel, must occur.

Other examples of activities that could occur are listed below:

- **Leadership Meetings**
- **Faculty Meetings**
- **Walk-throughs**
- **Data Meetings**
- **Lesson Planning**
