INDEPENDENT AUDITOR'S REPORT

To the Members of the Jasper City Board of Education
Jasper, Alabama

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Jasper City Board of Education, Jasper, Alabama, as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but

(Continued)

not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Jasper City Board of Education as of September 30, 2016, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Budgetary Comparison Information, Schedule of the Board's Proportionate Share of the Net Pension Liability and the Schedule of Board's Contributions on pages 4-15 and 53-59 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

(Continued)

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Jasper City Board of Education's basic financial statements. The Schedules of Debt Service, Insurance Coverage, Fidelity Bonds and Analysis of Expenditures - General Fund and Special Revenue Fund, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements Cost Principles and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The Schedules of Debt Service, Insurance Coverage, Fidelity Bonds and Analysis of Expenditures - General Fund and Special Revenue Fund have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 1, 2017, on our consideration of the Jasper City Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Jasper City Board of Education's internal control over financial reporting and compliance.

Management's Discussion and Analysis
(Required Supplementary Information)

Jasper City Board of Education
Management's Discussion and Analysis (MD&A)
September 30, 2016

The Management's Discussion and Analysis (MD&A) of the Jasper City Board of Education's financial performance provides an overall review of the Board's financial activities for the fiscal year ended September 30, 2016. The intent of this discussion and analysis is to look at the Board's financial performance as a whole. Readers should also review the financial statements and notes to the financial statements to enhance their understanding of the Jasper City Board of Education's financial performance.

Financial Highlights

The total cost of the Board's programs for the year was \$27,252,082. The State Foundation Program and other SDE appropriations provided \$14,861,156 of that amount. The 10 mill match requirement amounted to \$1,739,460 and is funded from local tax revenues. The assets of the Board exceeded its liabilities at the close of the 2016 fiscal year by \$55,272,741. Unrestricted net position increased by a total of \$2,094,663 due mainly to capital project reclassifications. A net total of \$56,427,042 was invested in capital assets net of depreciation due to the construction in process of the new Jasper High School. City sales tax collections increased by 4.41% and county sales tax collections decreased by 1.11%, a net increase of 0.88% in sales tax collections.

Using the Financial Statements - An Overview for the User

The financial section of the annual report for the Board consists of five parts - management's discussion and analysis (this section), the independent auditors' report, the basic financial statements, required supplementary information, and other supplementary information.

The Board's basic financial statements are comprised of three components 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements.

Government-wide Financial Statements - The focus of these statements is to provide readers with a broad overview of the Board's finances as a whole instead of on an individual fund basis, in a manner similar to a private-sector business, indicating both long-term and short-term information about the Board's overall financial status. It is important to note that all of the activities of the Board reported in the government-wide financial statements are classified as governmental activities. These activities include the following: Instruction includes teacher salaries and benefits, teacher aides, substitute teachers, textbooks, depreciation of instructional buildings, professional development, and classroom instructional materials, supplies and equipment.

Instructional support includes salaries and benefits for school principals, assistant principals, librarians, counselors, school secretaries, school bookkeepers, speech therapists, school nurses, and professional development expenses.

Operation and maintenance includes utilities, janitorial services, maintenance services, and depreciation of maintenance vehicles.

Auxiliary services includes student transportation expenses, such as bus driver salaries and benefits, bus aides, vehicle maintenance and repair expenses, vehicle fuel, depreciation of buses, and fleet insurance. Also included are food service expenses such as lunchroom managers, cooks, cashiers and servers' salaries and benefits, as well as donated and purchased food, food preparation and service supplies, kitchen and lunchroom equipment, and depreciation of food service equipment and facilities.

General administration and central office support includes salaries and benefits for the superintendent, assistants, clerical and financial staff, curriculum staff, and other personnel that provide system-wide support for the schools. Also included are legal expenses, liability insurance, training for board members and general administrative staff, printing costs, and depreciation of central office equipment and facilities.

Interest and fiscal charges include interest, but not principal payments, on long-term debt issues and other expenses related to the issuance and continuance of debt issues.

Other includes the salaries and benefits for preschool teachers and aides, extended day personnel, and community education instructors. Also included are the materials, supplies, equipment, related depreciation, and other expenses for operating programs outside of those for educating students in the kindergarten through 12th grade instructional programs.

Government-wide financial statements report the capitalization of capital assets and depreciation of all exhaustible capital assets and the outstanding balances of long-term debt and other obligations. These statements report all assets and liabilities perpetuated by these activities using the accrual basis of accounting. The accrual basis takes into account all of the Board's current year revenues and expenses regardless of when received or paid. This approach moves the financial reporting method for governmental entities closer to the financial reporting methods used in the private sector. The following government-wide financial statements report on all of the governmental activities of the Board as a whole.

The *Statement of Net Position* is most closely related to a balance sheet. It presents information on all the Board's assets (what it owns), deferred outflows of resources, liabilities (what it owes) and deferred inflows of resources, with the difference reported as net position. The net position reported in this statement represents the accumulation of changes in net assets for the current fiscal year and all fiscal years in the past combined. Over time, the increases or decreases in net assets reported in this statement may serve as a useful indicator of whether the financial position of the school board is improving or deteriorating.

The *Statement of Activities* is most closely related to an income statement. It presents information showing how the Board's net position changed during the current fiscal year only. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when the cash is received or paid. This statement shows gross expenses and offsetting program revenues to arrive at net cost information for each major expense function or activity of the Board. By showing the change in net position for the year, the reader may be able to determine whether the Board's financial position has improved or deteriorated over the course of the current fiscal year. The change in net position may be financial or non-financial in nature. Non-financial factors which may have an impact on the Board's financial condition include: age and condition of facilities, mandated educational programs for which little or no funding is provided and increases or decreases in funding from state and federal governments, to name a few.

Fund Financial Statements - A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The Board uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Board can be classified into two categories: governmental funds and fiduciary funds.

Governmental Funds - These statements account for basically the same governmental activities reported in the government-wide financial statements. The fund financial statements presented herein display information on each of the Board's most important governmental funds or major funds. This is required in order to better assess the Board's accountability for significant governmental programs or certain dedicated revenue. The Board's major funds are the General Fund, Special Revenue Fund, and the Capital Projects fund.

The *Fund Financial Statements* are measured on the modified-accrual basis of accounting where revenues and expenditures are recorded when they become measurable and available. As a result, the *Fund Financial Statements* focus more on the near-term use and availability of spendable resources. The information provided in these statements is useful in determining the Board's immediate financial needs. This is in contrast to the accrual-based *Government-wide Financial Statements*, which focus more on overall long-term availability of spendable resources. The relationship between governmental activities reported in the *Government-wide Financial Statements* and the governmental funds reported in the *Fund Financial Statements* is reconciled in the financial statements. These reconciliations are useful to readers in understanding the long-term impact of the Board's short-term financial decisions.

Fiduciary funds - The Board can serve as a trustee, or fiduciary, for some of its booster and parent organization activity funds, which are under the control and administration of its schools. Fiduciary funds also include the balances of agency funds, such as accounts payable clearing and payroll clearing funds. The Board had a small amount of activity. These funds are not available to the Board to finance its operations, and therefore, are not included in the government-wide financial statements. The Board is responsible for ensuring that the assets reported by these funds are used for their intended purposes.

Notes to the Basic Financial Statements - The *Notes to the Basic Financial Statements* provide additional information that is essential for the statements to fairly represent the Board's financial position and its operations. The notes contain important information that is not part of the basic financial statements. However, the notes are an integral part of the statements, not an appendage to them. The *Notes to the Basic Financial Statements* begin following the financial statements.

After the presentation of the basic financial statements and accompanying notes to the basic financial statements, required supplementary information is presented following the notes to the basic financial statements. The required supplementary information provides a comparison of the original adopted budget to the final amended budget of the Board's General Fund and each major program that has a legally adopted annual budget, which is then further compared to the actual operating results for the fiscal year. The comparison of this data allows users to assess management's ability to project and plan for its operations throughout the year. The required supplementary information also includes the Schedule of Board's Proportionate Share of the Net Pension Liability and the Schedule of Board's Contributions.

Fund Balance Policy in Accordance with GASB Statement No. 54

Purpose: The following policy is necessary in order to address the implications of Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Definitions.

Governmental Fund Definitions: The following definitions will be used in reporting activity in governmental funds. The Board may or may not report all fund types in any given reporting period, based on actual circumstances and activity.

General Fund - used to account for and report all financial resources not accounted for and reported in another fund.

Special Revenue Funds - used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital projects, such as federal revenue and expenditures as well as local school activity.

Debt Service Fund - used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest, even if it is being accumulated for future years' payments. Debt Service Fund should be used to report resources if legally mandated.

Capital Projects Fund - used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Fund balances will be reported in governmental funds under the following five categories using the definitions provided by GASB Statement No. 54:

- A. Non-spendable fund balances include amounts that cannot be spent because they are either
 - (a) not in spendable form, or
 - (b) legally or contractually required to be maintained intact.Examples of non-spendable fund balance reserves for which fund balance shall not be available for financing general operating expenditures include: inventories, prepaid items, deferred expenditures, long-term receivables, and outstanding encumbrances.
- B. Restricted fund balances consist of amounts that are subject to externally enforceable legal restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments; or through constitutional provisions or enabling legislation. Examples of restricted fund balances include: child nutrition programs, construction programs, and restricted grants.
- C. Committed fund balances consist of amounts that are subject to a purpose constraint imposed by formal action of the Board before the end of the fiscal year and that require the same level of formal action to remove the constraint.

- D. Assigned fund balances consist of amounts that are intended to be used by the school system for specific purposes. The Board authorized the Superintendent or Chief School Finance Officer to make a determination of the assigned amounts of fund balance. Such assignments may not exceed the available (spendable, unrestricted, uncommitted) fund balance in any particular fund. Assigned fund balances require the same level of authority to remove the constraint.
- E. Unassigned fund balances include all spendable amounts not contained in the other classifications. This portion of the total fund balance in the general fund is available to finance operating expenditures.

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it shall be the policy of the Board to consider restricted amounts to have been reduced first. When an expenditure is incurred for the purposes for which amounts in any of the unrestricted fund balance classifications could be used, it shall be the policy of the Board that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts.

The Board of Education along with the Superintendent and Chief School Finance Officer will periodically review all restricted, committed, and assigned fund balances. The Chief School Finance Officer will prepare and submit an annual report of all restricted, committed and assigned funds for the Board of Education.

Financial Analysis of the Board as a Whole

The City of Jasper and the Jasper City Board of Education entered into a joint construction project in 2014 to build a new high school. At September 30, 2016, ownership of the project was transferred solely to the Jasper City Board of Education, and recorded as a \$56,672,625 construction-in-progress building. The City is responsible for \$52 million of the construction project, and the Board is responsible for costs in excess of \$52 million. Due to the addition of this asset, the Board's assets and deferred outflows exceeded liabilities and deferred inflows by \$55,272,741 at the close of the fiscal year.

Noncurrent liabilities increased by approximately \$10.7 million. This increase is attributable to a \$7.5 million Special School Tax Warrant issued by the Board in July 2016 for the purpose of various capital improvements, including an additional wing of classrooms in the new school and district-wide energy management and automation solutions. The remainder of the increase in noncurrent liabilities is an increase in pension liability due to the 2015 adoption of GASB 68.

Management's Discussion & Analysis
(Continued)

Program revenues, primarily operating grants and contributions, are typically the largest component of total revenues. However, this year, the special item, contribution of the construction-in-progress high school from the City of Jasper to the Board is the largest component (66.3%).

- Operating grants and contributions contribute 83.44% of program revenues and 19.66% of total revenues. The major sources of revenues in this category are state foundation program funds, state transportation operating funds, and state and federal funds restricted for specific programs.
- Capital grants and contributions include state capital outlay funds and state funds to replace buses.
- Charges for services include federal reimbursement for meals, student meal purchases, and local school revenues.

General revenues, excluding the City of Jasper special item contribution, are used to provide \$8,120,558 for expenses not covered by program revenues.

Instructional services expenses, primarily salaries and benefits for classroom teachers, are the largest expense function of the Board (60.00%).

Governmental Activities - the cost of services rendered from the Board's governmental activities for the year ended September 30, 2016 was \$27.25 million. It is important to note that not all of these costs were borne by the taxpayers of Jasper City Schools.

- Some of the cost, \$2.37 million, was paid by users, who benefited from services provided during the year, such as school lunches and summer school.
- State and federal governments subsidized certain programs with grants and contributions totaling \$15.77 million.
- Other program revenue sources, such as capital grants, donations, etc. provided \$762,851 in revenues.

Table 3 is a condensed statement taken from the Statement of Activities, showing the total cost and net cost for providing identified services for six major board activities. The total cost of services is compared to the net cost of providing these services. The net cost of services is the remaining cost of services after subtracting grants and charges for services that the Board used to offset the program's total cost. In other words, the net cost shows the financial burden that was placed on all taxpayers for each of these activities. This information allows citizens to consider the cost of each program in comparison to the benefits they believe are provided.

Management's Discussion & Analysis

Financial Analysis of School Board Funds

As noted earlier, the Board uses fund accounting to control and manage resources in order to ensure compliance with finance-related legal requirements. Using funds to account for resources for particular purposes helps the reader to determine whether the Board is being accountable for the resources provided by taxpayers and other entities, and it may also help to provide more insight into the Board's overall financial health. The following analysis of the Board's funds should be read in reference to the fund financial statements.

Governmental Funds - The focus of the Board's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Board's financial requirements (Note that the relationship between the *Fund Financial Statements* and the *Government-wide Financial Statements* are reconciled). The financial performance of the Board as a whole is reflected in its governmental funds as well. At the end of the fiscal year, the Board's governmental funds reported combined ending fund balances of \$14.31 million.

- Approximately \$4.64 million of this amount constitutes the fund balance of the General Fund
- Approximately \$7.83 million is held in the Capital Projects Funds, Local Source, Fleet Renewal, Public School Fund, LEA Incentive, and E-Rate Funding.
- The remaining approximately \$1.84 million is allocated to Local School and Child Nutrition Funds.

Management's Discussion & Analysis
(Continued)

General Fund - The general fund is the primary operating fund of the Board. The \$.10 million increase in fund balance as a result of operations this year was primarily due to a decrease in general administrative expenses and an increase in local revenues.

Capital Projects Fund - Local Funds

The increase of \$4.19 million in fund balance is due to the recording of the construction-in-progress of the new high school building and the issuance of the \$7.5 million in Special Tax School Warrants.

Special Revenue Fund - This is a combined total of several funds, including local school funds and child nutrition funds. The net change to fund balance was a decrease of \$0.19 million.

Capital Asset and Debt Administration

Capital Assets

As of September 30, 2016, the Board had invested \$82,346,866 in a broad range of capital assets including land, buildings, school furniture, school buses, instructional equipment, computer hardware, maintenance vehicles, custodial equipment, and athletic equipment. The construction in progress of the new high school is recorded as \$56,672,625 of the total capital assets. Table 4 provides additional information on these assets.

Table 4: Capital Assets (net of accumulated depreciation)
Fiscal Year ended September 30,
(in millions)

	<u>Governmental Activities</u>	
	<u>2016</u>	<u>2015</u>
Land and Land Improvements	\$ 2.47	\$ 2.47
Construction in Progress	56.64	0.71
Buildings and Improvements	20.45	19.68
Equipment and Furniture	2.78	2.78
Less: Accumulated Depreciation	(12.19)	(11.92)
Net Capital Assets	\$ <u>70.15</u>	\$ <u>13.72</u>

The additions to capital assets were primarily for building improvements and the construction in progress.

Long-Term Debt

The balance of long-term debt at September 30, 2016 is \$32,451,988, which includes \$24,707,000 for net pension liability.

General Fund Budgetary Highlights

On or before October 1 of each year, the Board is mandated by state law to prepare and submit to the State Superintendent of Education the annual budget adopted by the Board. The annual budget for FY2016 was due on or before September 15, 2015. The original fiscal year 2016 budget was adopted by the Board on September 14, 2015. The FY2016 budget was amended once, on May 23, 2016.

Management's Discussion & Analysis
(Continued)

The comparison of the general fund original budget to the final amended budget is included in these financial statements. The differences between the general fund original and amended budgets are primarily due to the mid-year budgeting of a paving project at two schools and the purchase of a school bus.

Our amendment was necessary to budget actual beginning fund balances. We transferred the allowable portion of expenditures from general fund to capital fund.

The positive variance between actual and budgeted revenues is due to an increase in sales tax receipts. The positive balances in expenditure lines are due to conservative spending and the negative balances are due to more expenditures than anticipated.

Economic Factors and Next Year's Budget

The following are currently known City of Jasper economic factors to be considered as we move into the 2016-2017 fiscal year.

- The unemployment rate in Walker County for October 2016 is 6.2%, as compared to the following:

	<u>Walker County</u>	<u>State of Alabama</u>	<u>United States</u>
October 2016	6.2%	5.8%	4.5%
October 2015	6.9%	6.1%	5.0%
October 2014	5.9%	6.2%	5.7%
October 2013	6.6%	7.1%	7.2%
October 2012	8.0%	8.1%	7.9%

- The population in Jasper as of the year 2010 census rose slightly since the last ten year census taken in 2000. The population rose by approximately 300 people or 2.13 percent over a ten year period for a total estimated population of 14,352. Student enrollment at September 30, 2016 is 2,722.
- Beginning in FY2013, the State enacted a second tier of retirement costs applicable to new employees. Employees beginning full-time employment for the first time will now be classified as Tier 2 employees, and be subject to separate retirement rules and costs. Healthcare premiums remain identical for both tiers of employees. The following table shows the recent calculations for the retirement percentage and the medical insurance costs (PEEHIP).

	<u>Tier 1 Retirement Percentage</u>	<u>Tier 2 Retirement Percentage</u>	<u>PEEHIP Per Month</u>
FY2016	11.94%	10.84%	\$780.00
FY2015	11.94%	10.84%	780.00
FY2014	11.71%	11.05%	714.00
FY2013	10.08%	9.44%	714.00
FY2012	10.08%	N/A	714.00

Construction of New High School

In September 2014, construction of a new high school building began. The project was a joint effort between the City of Jasper and the Jasper City Board of Education. The City secured funding for \$52 million for the project through a General Obligation Warrant, financed by a portion of the proceeds of a 1% increase in local sales taxes. Jasper City Board of Education is obligated to fund construction of one classroom wing at a cost to the Board of \$2.1 million. The Jasper City Board of Education is also responsible for the cost of kitchen equipment, budgeted to be \$690,000, an additional wing of classrooms budgeted at \$2.1 million, and two access roads budgeted to be \$2 million. The building was deemed to be substantially complete at September 30, 2016, and ownership was transferred at that time from the City of Jasper to the Board. Construction is, however, ongoing, and the building is included on the fixed asset schedule as construction in progress. Occupation of the building occurred in December 2016, and all school-related activities for grades 9-12 were transferred from the old building to the new building for the second semester of the school year. Access roads are still under construction but are scheduled to be complete by Fall 2017.

Reconfiguration of School Population

In Fall 2017, the grade structure of the elementary and middle schools of the district will be reconfigured. Grades Pre-kindergarten through 1st grade districtwide will be housed at T. R. Simmons Elementary. Grades 2-3 will be at Memorial Park Elementary. Grades 4-6 will be at Maddox Intermediate. Grades 7-8 will be at Jasper Junior High and grades 9-12 will be at Jasper High School. Both Jasper Junior High and Jasper High will be housed at the new high school building on Viking Drive. The old high school building on Highland Avenue, the West Jasper School building, and the North Highland School building will all be vacated. Special education students currently enrolled at North Highland will be moved to the school of the appropriate grade of the student. Although a new and large school has opened, operating expenses (maintenance and utilities) district wide are expected to decline with the closure of three buildings. Students, teachers, administrators, and support personnel are simply transitioning between buildings; since the numbers of students and the numbers of district employees have not materially changed, instructional expenses are not expected to change. Transportation costs are not expected to be materially affected.

Contacting the School Board's Financial Management

This financial report is designed to provide citizens, taxpayers, investors, and creditors with a general overview of the Board's finances and to show the Board's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Monique Rector, Chief School Financial Officer, Jasper City Schools, 110 17th Street West, P. O. Box 500, Jasper, Alabama 35502-0500; or call 205-384-6880 during regular office hours, Monday through Friday, from 8:00 a.m. to 4:00 p.m., central time.

JASPER CITY BOARD OF EDUCATION

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS WITH THE STATEMENTS OF ACTIVITIES
YEAR ENDED SEPTEMBER 30, 2016

Total Net Changes in Fund Balances - Total Governmental Funds \$ 4,105,305.76

Amounts reported for governmental activities in the Statement of Activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense exceeds capital outlays in the period.

Capital Outlays	\$ 57,001,456.27	
Depreciation Expense	<u>(574,414.83)</u>	
Net Capital Outlays		56,427,041.44

Repayment of debt principal is an expenditure in the governmental funds, but it reduces long-term liabilities in the Statement of Net Position and does not affect the Statement of Activities. 146,950.20

Proceeds from the issuance of debt are reported as financing sources in governmental funds and thus contribute to the change in fund balance. Issuing long-term debt increases liabilities in the Statement of Net position but does not affect the Statement of Activities. (7,500,000.00)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Accrued Interest Payable, Current Year Increase/Decrease	46,195.13	
Compensated Absences, Current Year Increase/(Decrease) in Noncurrent Portion	(8,257.08)	
Pension Expense, Current Year Increase/Decrease	<u>187,392.12</u>	
Total		<u>(225,330.17)</u>

JASPER CITY BOARD OF EDUCATION

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial statements of the Jasper City Board of Education (the Board) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

A. Reporting Entity

Statement No. 14 of the Governmental Accounting Standards Board establishes standards for defining and reporting on the financial reporting entity. The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for agencies that make up its legal entity. It is also financially accountable for a legally separate agency if its officials appoint a voting majority of that agency's governing body and either it is able to impose its will on that agency or there is a potential for the agency to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. There are no component units that should be included as part of the financial reporting entity of the Board.

The Board is a legally separate agency of the State of Alabama (the State). However, for financial reporting the Board is considered a component unit of the City of Jasper, Alabama (the City) due to the following reasons:

- (1) The City appoints the 5 members of the governing body of the Board.
- (2) The City issued bonds for the construction of facilities for the Board and the City is obligated for the debt.
- (3) The City levied a ½ cent sales tax specifically for the operations of the Board.

The financial statements of the Board include local school activity funds and other funds under the control of school principals.

(Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED):

B. Basis of Presentation, Basis of Accounting

Basis of Presentation

Government-Wide Financial Statements: The Statement of Net Position and the Statement of Activities display information about the Board. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Although other governments may report both governmental activities and business-type activities, the Board has no business-type activities.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the Board's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The Board does not allocate indirect expenses to the various functions. Program revenues include (a) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and (b) charges to recipients of goods or services offered by the programs. Revenues that are not classified as program revenues, including all local taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the Board's funds, including its fiduciary funds. Separate statements for each fund category - governmental and fiduciary - are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as other governmental funds.

The Board reports the following major governmental funds:

General Fund - This is the Board's primary operating fund. It accounts for all financial resources, except those required to be accounted for in another fund. The Board's General Fund primarily received revenues from the Education Trust Fund (ETF), appropriated by the Alabama Legislature, and from local taxes. The State Department of Education allocated amounts appropriated from the ETF to the school board on a formula basis.

(Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED):

B. Basis of Presentation, Basis of Accounting - (Continued)

Basis of Presentation - (Continued)

Special Revenue Funds account for the proceeds of specific revenue sources requiring separate accounting because of legal or regulatory provisions or administrative action. Special revenue funds consist of the following: Federal Programs, Child Nutrition Funds, Public and Nonpublic Local School Activity funds, Community Education Funds, and Other State and Local Funds.

Capital Projects Fund - This fund is used to account for proceeds used for the acquisition and construction of capital projects. The Capital Projects Fund primarily received revenue from local sales taxes.

The Board reports the following governmental fund types in the "Other Governmental Funds" column:

Debt Service Funds account for the accumulation of resources for, and the payment of, the Board's principal and interest payments on long-term debt.

Permanent Funds account for resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the Board's programs. Permanent Funds consist of a fund reserved for teachers' continuing education.

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore cannot be used to support the Board's programs. The Board reports the following fiduciary funds:

Agency Funds - These funds are used to report assets held by the Board in a purely custodial capacity. The Board collects these assets and transfers them to the proper individual, private organizations, or other government.

Measurement Focus, Basis of Accounting

Government-wide and Fiduciary Fund Financial Statements. The government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the Board gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

(Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED):

B. Basis of Presentation, Basis of Accounting - (Continued)

Measurement Focus, Basis of Accounting - (Continued)

Governmental Fund Financial Statements. Governmental funds are reported using a current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Board considers revenues reported in the governmental funds (excluding state and federal reimbursements) to be available if the revenues are collected within sixty (60) days after year-end. Revenues from state and federal funds are considered available if transactions eligible for reimbursement have taken place. Expenditures generally are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded when due or when amounts have been accumulated in the debt service fund for payments to be made early in the following year.

When both restricted and unrestricted resources are available for use, it is the Board's policy to use restricted resources first, then unrestricted resources as they are needed.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

C. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balances

Deposits and Investments

Cash and cash equivalents include cash on hand, demand deposits, and short-term investments with a maturity date within three months of the date acquired by the Board. Investments are stated at fair value.

The State Attorney General has issued a legal opinion that boards of education may not put public funds at risk by investing in companies not insured by the federal government.

(Continued)

NOTES TO THE FINANCIAL STATEMENTS - (CONTINUED)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED):

C. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balances - (Continued)

Receivables

Receivables are reported as Receivables and Due from other governments in the government-wide financial statements and as Receivables, Due from other funds, and Due from other governments in the fund financial statements. Receivables due from other governments include amounts due from grantors for grants issued for specific programs and local taxes. No allowances are made for uncollectible amounts because the amounts are considered immaterial.

Property Tax Calendar

The Walker County Commission levies property taxes for all jurisdictions including the school boards and municipalities within the county. Millage rates for property taxes are levied at the first regular meeting of the County Commission in February of each year. Property taxes are assessed for property as of October 1 of the preceding year based on the millage rates established by the County Commission. Property taxes are due and payable the following October 1 and are delinquent after December 31. Amounts receivable, net of estimated refunds and estimated uncollectible amounts, are recorded for the property taxes levied in the current year. However, since the amounts are not available to fund current year operations, the revenue is deferred and recognized in the subsequent fiscal year when the taxes are both due and collectible and available to fund operations.

Inventories and Prepaid Items

Inventories are valued at cost using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories are recorded as expenditures when purchased rather than capitalized as an asset. GAAP require only material balances of inventories accounted for using the purchases method to be reported as an asset in the appropriate governmental fund. Prepaid items, such as insurance premiums and rent, are recorded as expenditures in governmental funds when paid.

In the government-wide financial statements, inventories and prepaid items are recorded on an accrual basis using the consumption method. Expenses reflect the amount of materials and supplies consumed and the amount of prepaid items applicable to the current period. Prepaid items on the Statement of Net Position are included in Other Assets.

(Continued)

NOTES TO THE FINANCIAL STATEMENTS - (CONTINUED)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED):

C. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balances - (Continued)

Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical costs in the Statement of Net Position. Donated assets are recorded at their estimated fair value at the date of donation. The cost of maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Capital assets are recorded as expenditures at the acquisition date in the fund financial statements. The Board has no general infrastructure assets.

Depreciation of capital assets is recorded in the Statement of Activities on a straight-line basis over the estimated useful life of the asset. Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts) and the estimated useful lives of capital assets reported in the government-wide statements are as follows:

<u>Asset Class</u>	<u>Capitalization Threshold</u>	<u>Estimated Useful Life</u>
Land Improvements - Exhaustible	\$ 50,000	20 years
Buildings	\$ 50,000	20 - 50 years
Building Improvements	\$ 50,000	7 - 30 years
Equipment	\$ 5,000	5 - 20 years
Equipment Under Capital Lease	\$ 5,000	5 - 20 years
Vehicles	\$ 5,000	8 - 10 years

(The capitalization threshold for Land, Construction in Progress, and Inexhaustible Land Improvements is \$1 or more. However, these capital assets are not depreciated.)

Long-Term Obligations

In the government-wide financial statements, the unmatured principal of long-term debt, capital leases, and compensated absences are reported in the Statement of Net Position. Interest expense for long-term debt, including accrued interest payable, is reported in the Statement of Activities. For warrants (bonds) and other long-term debt issued after October 1, 2003, the related debt issuance costs, premiums, and discounts are amortized under accrual accounting and the annual amortization of these accruals is included in the Statement of Activities. The unamortized portion is reported as a liability on the Statement of Net Position.

(Continued)

NOTES TO THE FINANCIAL STATEMENTS - (CONTINUED)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED):

C. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balances - (Continued)

Long-Term Obligations - (Continued)

In the fund financial statements, bond premiums and the face amount of debt issued during the year are reported as an other financing sources. Debt issuance costs are not deducted from the amount reported as an other financing source but are reported as debt service expenditures. Any discount resulting from a disparity between the market rate and the stated rate of interest is reported as an other financing use. Expenditures for debt principal, interest and related costs are reported in the fiscal year payment is made. At the inception of a capital lease, an amount equal to the present value of the net minimum lease payments is reported as an other financing source and as an expenditure. The balance sheet does not reflect a liability for long-term debt.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position and the Balance Sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, Deferred Outflows of Resources, represents a consumption of net position or fund balances that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditures) until then, the Board has two items that qualify for reporting in this category. (Employer Pension Contributions and the Proportionate Share of Collective Deferred Outflow Related to Net Pension Liability).

In addition to liabilities, the Statement of Net Position and the Balance Sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, Deferred Inflows of Resources, represents a consumption of net position or fund balances that applies to a future period(s) and so will not be recognized as an inflow of resources (revenues) until then, The Board has three items that qualify for reporting in this category (property taxes assessed, but not collected and motor vehicle taxes received in advance and Proportionate Share of Collective Deferred Inflows Related to Net Pension Liability).

Compensated Absences

The Board's vacation leave consists of the following: Twelve month employees with less than fifteen years service are entitled to ten days vacation leave per year, earned at the rate of .83 days per month. Twelve-month employees with fifteen years or more service are entitled to ten days vacation leave per year, earned at the rate of .83 days per month. Vacation days will be accrued from July 1 of each year through June 30 of the following year.

(Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES -(CONTINUED):

C. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balances - (Continued)

Compensated Absences - (Continued)

Vacation days accrued in a vacation year may be taken during that vacation year or may be carried over for six additional months. Vacation days not taken within the additional carryover period will be lost. Accumulated vacation days are not reimbursable upon resignation, termination or retirement.

As of September 30, 2016 the liability for accrued vacation leave is approximately \$133,508. Of this amount, \$90,747 is reported as due or payable within one year, an amount expected to be paid using expendable available financial resources, and \$42,761 as due or payable after one year in the governmental activities on the Statement of Net Position.

Pensions

The Teachers' Retirement System of Alabama (the Plan) financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. Contributions are recognized as revenues when earned, pursuant to plan requirements. Benefits and refunds are recognized as revenues when due and payable in accordance with the terms of the plan. Expenses are recognized when the corresponding liability is incurred, regardless of when the payment is made. Investments are reported at fair value. Financial statements are prepared in accordance with requirements of the Governmental Accounting Standards Board (GASB). Under these requirements, the Plan is considered a component unit of the State of Alabama and is included in the State's Comprehensive Annual Financial Report.

Net Position/Fund Equity

Net position is reported on the government-wide financial statements and is required to be classified for accounting and reporting purposes into the following net asset categories:

- Invested in Capital Assets, Net of Related Debt - Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets.
- Restricted - Constraints imposed on net assets by external creditors, grantors, contributors, laws or regulations of other governments, or law through constitutional provision or enabling legislation.

(Continued)

NOTES TO THE FINANCIAL STATEMENTS - (CONTINUED)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED):

C. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balances - (Continued)

Restricted Fund Balance - Represents amount that can be spent only for specific purpose by construction, external resource providers, or through enabling legislation. Constraints are placed on the use of resources either by: externally imposed creditors, grantors, contributions, or laws or regulations of other governments; or imposed by law through constitutional provisions of enabling legislation. Restrictions of fund balances at September 30, 2016 are as follows:

Capital Outlay	\$ 7,933,992
Federal Programs	<u>649,497</u>
Total Restricted Fund Balance	<u>\$ 8,483,489</u>

The Board's policy is to first apply restricted resources when an expense is incurred for the purposes for which both restricted and unrestricted balances are available. The Board's policy is to first apply assigned, committed and unassigned resources, respectively, when an expense is incurred for the purposes for which assigned, committed and/or unassigned balances are available.

NOTE 2 - RECONCILIATION OF FINANCIAL STATEMENTS

The financial statements include summary reconciliations of the fund financial statements to the government-wide statements after each of the fund statements. GASB requires the following additional disclosures if aggregated information in the summary reconciliations obscures the nature of the individual elements of a particular reconciling item.

Explanation of Certain Differences between the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances and the Statement of Activities

The governmental funds Statement of Revenues, Expenditures and Changes in Fund Balances is followed by a reconciliation between Total net change in fund balances--governmental funds and Change in net assets of governmental activities as reported in government-wide statement of activities. One element of that reconciliation explains, "Some expense reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental fund."

The details of this \$225,330 differences are as follows:

Accrued Interest Payable, (Current Year Increase/Decrease)	\$ 46,195
Compensated Absence Changes, Noncurrent Portion	(8,257)
Pension Expense, Current Year Increase/Decrease	<u>187,392</u>
Total	<u>\$ 225,330</u>

(Continued)

NOTE 3 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY:

A. Budgets

Budgets are adopted on a basis of accounting consistent with accounting principles generally accepted in the United States of America (GAAP) for the General Fund with the exception of salaries and benefits, which are budgeted only to the extent expected to be paid rather than on the modified accrual basis of accounting. The Child Nutrition Program Fund budgets on a basis of accounting consistent with GAAP with the exception of salaries and benefits, which are budgeted only to the extent expected to be paid rather than on the modified accrual basis of accounting. All other governmental funds adopt budgets on the modified accrual basis of accounting. Capital projects funds adopt project-length budgets. All appropriations lapse at fiscal year-end.

On or before October 1st of each year, each City Board of Education shall prepare and submit to the State Superintendent of Education the annual budget to be adopted by the City Board of Education. The Superintendent or City Board of Education shall not approve any budget for operations of the school for any fiscal year which shall show expenditures in excess of income estimated to be available plus any balances on hand.

Encumbrances (e.g., purchase orders, contracts) outstanding at year-end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

B. Deficit Fund Balances/Net Position of Individual Funds

At September 30, 2016, the following governmental funds had deficit fund balances:

Idea - Part B	\$ 69,786
Preschool Part B	2,219
Title I	68,258
Title II	7,466
ROTC	8,544

The deficit in the funds is a result of the salary accrual adjustment. Salaries and benefits payable at September 30, 2016, are funded with an appropriation from the State of Alabama that is not legally available to the Board until October 1st and therefore, is not reflected as revenue in the Board's financial statements as of September 30, 2016.

(Continued)

NOTES TO THE FINANCIAL STATEMENTS - (CONTINUED)

NOTE 4 - UNEARNED REVENUES:

Governmental funds report unearned revenues in connection with receivables for resources that have been received, but not yet earned. At September 30, 2016, the various components of unearned revenue reported in the governmental funds were as follows:

	<u>Unavailable</u>	<u>Unearned</u>	<u>Total</u>
Student Meals Prepaid	\$ <u>-0-</u>	\$ <u>38,171</u>	\$ <u>38,171</u>

NOTE 5 - DEPOSITS AND INVESTMENTS:

The custodial credit risk for deposits is the risk that, in the event of a bank failure, the Board will not be able to cover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The Board's deposits at year-end were entirely covered by federal depository insurance or by the Security for Alabama Funds Enhancement Program (SAFE Program). The SAFE Program was established by the Alabama Legislature and is governed by the provisions contained in the Code of Alabama 1975, Sections 41-14A-1 through 41-14A-14. Under the SAFE Program all public funds are protected through a collateral pool administered by the Alabama State Treasurer's Office. Under this program, financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that financial institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation (FDIC). If the securities pledged fail to produce adequate funds every institution participating in the pool would share the liability for the remaining balance of the Board's investments. All of the Board's investments were in certificates of deposit and money market accounts. These certificates of deposit and money market accounts are classified as "deposits" in order to determine insurance and collateralization. However, they are classified as "Investments" on the financial statements.

Interest Rate Risk - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Board does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increased interest rates.

Credit Risk - Credit risk is the risk that the issuer or other counter party to an investment will not fulfill its obligation. The Board does not have a formal investment policy that addresses its investment choices.

(Continued)

NOTES TO THE FINANCIAL STATEMENTS - (CONTINUED)

NOTE 5 - DEPOSITS AND INVESTMENTS - (CONTINUED):

Custodial Credit Risk - For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to cover the value of its investments of collateral securities that are in the possession of an outside party. The board does not have an investment policy that limits the amount of securities that can be held by counterparties.

Concentration of Credit Risk - Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The Board does not have a formal policy that places limits on the amount the Board may invest in any one issuer.

NOTE 6 - RECEIVABLES AND PAYABLES:

Receivables and payables (Accounts payable and accrued liabilities) balances reported on the Statement of Net Position and the Balance Sheet are aggregations of different components. Details of these balances are as follows:

STATEMENT OF NET POSITION

Receivables:	
Ad Valorem Property Taxes Receivable	\$ 1,640,000
Due from Other Governments	<u>1,280,332</u>
Total Receivables	<u>\$ 2,920,332</u>
Accounts Payable and Accrued Liabilities:	
Salaries and Employee Benefits Payable	\$ 2,041,907
Accounts Payable	1,513,864
Interest Payable	<u>46,195</u>
Total Accounts Payable and Accrued Liabilities	<u>\$ 3,601,966</u>

BALANCE SHEET

Receivables:	
Ad Valorem Property Taxes Receivable	\$ 1,640,000
Due from Other Governments	1,280,332
Due from Other Funds	<u>1,188,144</u>

NOTE 8 - DEFINED BENEFIT PENSION PLAN:

A. Plan Description

The Teachers' Retirement System of Alabama, a cost-sharing multiple-employer public employee retirement plan, was established as of September 15, 1939, under the provisions of Act 419 of the Legislature of 1939 for the purpose of providing retirement allowances and other specified benefits for qualified persons employed by State-supported educational institutions. The responsibility for the general administration and operation of the TRS is vested in its Board of Control. The TRS Board of Control consists of 15 trustees. The plan is administered by the Retirement Systems of Alabama (RSA). Title 16-Chapter 25 of the Code of Alabama grants the authority to establish and amend the benefit terms to the TRS Board of Control. The Plan issues a publicly available financial report that can be obtained at www.rsa-al.gov.

(Continued)

NOTE 8 - DEFINED BENEFIT PENSION PLAN - (CONTINUED):

B. Benefits Provided

State Law establishes retirement benefits as well as death and disability benefits and any ad hoc increase in postretirement benefits for the TRS. Benefits for TRS members vest after 10 years of creditable service. TRS members who retire after age 60 with 10 years or more of creditable service or with 25 years of service (regardless of age) are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, members of the TRS are allowed 2.0125% of their average final compensation (highest 3 of the last 10 years) for each year of service.

Act 377 of the Legislature of 2012 established a new tier of benefits (Tier 2) for members hired on or after January 1, 2013. Tier 2 TRS members are eligible for retirement after age 62 with 10 years of creditable service and are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, Tier 2 members of the TRS allowed 1.65% of their average final compensation (highest 5 of the last 10 years) for each year of service. Members are eligible for disability retirement if they have 10 years of creditable service, are currently in-service, and determined by the RSA Medical Board to be permanently incapacitated from further performance of duty. Preretirement death benefits are calculated and paid to the beneficiary based on the member's age, service credit, employment status and eligibility for retirement.

C. Contributions

Covered members of the TRS contributed 5% of earnable compensation to the TRS as required by statute until September 30, 2011. From October 1, 2011, to September 30, 2012, covered members of the TRS were required by statute to contribute 7.25% of earnable compensation. Effective October 1, 2012, covered members of the TRS are required by statute to contribute 7.50% of earnable compensation. Certified law enforcement, correctional officers, and firefighters of the TRS contributed 6% of earnable compensation as required by statute until September 30, 2011. From October 1, 2011, to September 30, 2012, certified law enforcement, correctional officers, and firefighters of the TRS were required by statute to contribute 8.25% of earnable compensation. Effective October 1, 2012, certified law enforcement, correctional officers, and firefighters of the TRS are required by statute to contribute 8.50% of earnable compensation.

(Continued)

NOTES TO THE FINANCIAL STATEMENTS - (CONTINUED)

NOTE 8 - DEFINED BENEFIT PENSION PLAN - (CONTINUED):

C. Contributions - (Continued)

Tier 2 covered members of the TRS contribute 6% of earnable compensation to the TRS as required by statute. Tier 2 certified law enforcement, correctional officers, and firefighters of the TRS are required by statute to contribute 7% of earnable compensation.

Participating employers' contractually required contribution rate for the year ended September 30, 2015 was 11.94% of annual pay for Tier 1 members and 10.84% of annual pay for Tier 2 members. These required contribution rates are a percent of annual payroll, actuarially determined as an amount that, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, with an additional amount to finance any unfunded accrued liability. Total employer contributions to the pension plan from the Board were \$1,720,155 for the year ended September 30, 2016.

D. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2016 the Board reported a liability of \$24,707,000 for its proportionate share of the collective net pension liability. The collective net pension liability was measured as of September 30, 2015 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of September 30, 2014. The Board's proportion of the collective net pension liability was based on the employers' shares of contributions to the pension plan relative to the total employer contributions of all participating TRS employers. At September 30, 2015 the Board's proportion was .236078% which was an increase (decrease) of (.001591%) from its proportion measured as of September 30, 2014.

For the year ended September 30, 2016, the Board recognized pension expense of \$1,745,547. At September 30, 2016 the Board reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	<u>Deferred Outflows Of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -0-	\$ 134,000
Changes of Assumptions	-0-	-0-
Net Difference between projected and actual earnings on pension plan investments	1,618,000	-0-
Changes in proportion and differences between Employers contributions and proportionate share of contributions	127,000	114,000
Employer contributions subsequent to the measurement date	<u>1,720,155</u>	<u>-0-</u>
Total	<u>\$ 3,465,155</u>	<u>\$ 248,000</u>

(Continued)

NOTES TO THE FINANCIAL STATEMENTS - (CONTINUED)

NOTE 8 - DEFINED BENEFIT PENSION PLAN - (CONTINUED):

D. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - (Continued)

The amount of \$1,720,155, reported as deferred outflows of resources related to pensions resulting from Board contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year Ended September 30:

2017	\$ 267,000
2018	267,000
2019	267,000
2020	695,000
2021	1,000
Thereafter	-0-

E. Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of September 30, 2014 using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00%
Investment Rate of Return*	8.00%
Projected Salary Increases	3.5% - 8.25%

*Net of pension plan investment expense

The actuarial assumptions used in the actuarial valuation as of September 30, 2014, were based on the results of an investigation of the economic and demographic experience for the TRS based upon participant data as of September 30, 2010. The Board of Control accepted and approved these changes on January 27, 2012, which became effective at the beginning of fiscal year 2012.

Mortality rated for TRS were based on the RP-2000 Combined Mortality Table for Males or Females, as appropriate, with adjustment for mortality improvements based on Scale AA projected to 2015 and set back one year for females.

(Continued)

NOTES TO THE FINANCIAL STATEMENTS - (CONTINUED)

NOTE 8 - DEFINED BENEFIT PENSION PLAN - (CONTINUED):

E. Actuarial Assumptions - (Continued)

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of geometric real rates of return for each major asset class are as follows:

	<u>Target Allocation</u>	<u>Long-Term Expected Rate of Return*</u>
Fixed Income	25.00%	5.00%
U.S. Large Stocks	34.00%	9.00%
U.S. Mid Stocks	8.00%	12.00%
U.S. Small Stocks	3.00%	15.00%
International Developed Market Stocks	15.00%	11.00%
International Emerging Market Stocks	3.00%	16.00%
Real Estate	10.00%	7.50%
Cash	<u>2.00%</u>	1.50%
Total	<u>100.00%</u>	

*Includes assumed rate of inflation of 2.50%

F. Discount Rate

The discount rate used to measure the total pension liability was 8%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, components of the pension plan's fiduciary net position were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

(Continued)

NOTE 8 - DEFINED BENEFIT PENSION PLAN - (CONTINUED):

G. Sensitivity of the Board's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following table presents the Board's proportionate share of the net pension liability calculated using the discount rate of 8%, as well as what the Board's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (7%) or 1-percentage point higher (9%) than the current rate:

	<u>1% Decrease</u> <u>(7.00%)</u>	<u>Current Rate</u> <u>(8.00%)</u>	<u>1% Increases</u> <u>(9.00%)</u>
Board's Proportionate Share of Collective Net Pension Liability	\$ <u>32,686,000</u>	\$ <u>24,707,000</u>	\$ <u>17,940,000</u>

H. Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued RSA Comprehensive Annual Report for the fiscal year ended September 30, 2015. The supporting actuarial information is included in the GASB Statement No. 67 Report for the TRS prepared as of September 30, 2015. The auditor's report dated October 17, 2016 on the total pension liability, total deferred outflows of resources, total deferred inflows of resources, total pension expense for the sum of all participating entities as of September 30, 2015 along with supporting schedules is also available. The additional financial and actuarial information is available at www.rsa-al.gov.

NOTE 9 - OTHER POSTRETIREMENT BENEFITS (OPEB)

A. Plan Description

The Board contributes to the Alabama Retired Education Employees' Health Care Trust (Trust), a cost-sharing multiple-employer defined benefit postemployment healthcare plan. The Trust provides health care benefits to state and local school system retirees and was established in 2007 under the provisions of Act 2007-16 as an irrevocable trust fund. Responsibility for general administration and operations of the Trust is vested with the Public Education Employees' Health Insurance Board (PEEHB) members. The Code of Alabama 1975, Section 16-25A-4 provides the PEEHB with the authority to amend that benefit provisions in order to provide reasonable assurance of stability in future years. The Trust issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained at the Public Education Employees' Health Insurance Plan website, <http://www.rsa-al.gov> under the Employers' Financial Reports section.

(Continued)

NOTES TO THE FINANCIAL STATEMENTS - (CONTINUED)

NOTE 9 - OTHER POSTRETIREMENT BENEFITS (OPEB) - (CONTINUED)

B. Funding Policy

The Public Education Employees' Health Insurance Fund (PEEHIF) was established in 1983 under the provisions of Act Number 83-455, Acts of Alabama to provide a uniform plan of health insurance for current and retired employees of state educational institutions. The plan is administered by the PEEHIB. Any Trust fund assets used in paying administrative costs and retiree benefits are transferred to and paid from the PEEHIF. The PEEHIB periodically reviews the funds available in the PEEHIF and if excess funds are determined to be available, the PEEHIB authorizes a transfer of funds from the PEEHIF to the Trust.

The required monthly contribution rates for FY 2015-16 are as follows:

	<u>FY 2015</u>
Individual Coverage - Non-Medicare Eligible	\$ 151.00
Family Coverage - Non-Medicare Eligible Retired Member and Non-Medicare Eligible Non-Spousal Dependent(s)	391.00
Family Coverage - Non-Medicare Eligible Retired Member and Non-Medicare Eligible Dependent(s) with non - Medicare Eligible Spouse	416.00
Family Coverage - Non-Medicare Eligible Retired Member and Non-Spousal Dependent Medicare Eligible	250.00
Family Coverage - Non-Medicare Eligible Retired Member and Spouse Dependent Medicare Eligible	260.00
Individual Coverage - Medicare Eligible Retired Member	10.00
Family Coverage - Medicare Eligible Retired Member and Non-Medicare Eligible Dependent(s) No Spouse	250.00
Family Coverage - Medicare Eligible Retired Member and Non-Medicare Eligible Dependent(s) with Non-Medicare Eligible Spouse	275.00
Family Coverage - Medicare Eligible Retired Member and Non-Spousal Dependent Medicare Eligible	109.00
Family Coverage - Medicare Eligible Retired Member and Spousal Dependent Medicare Eligible	119.00
Tobacco Surcharge	50.00
PEEHIP Supplemental Plan	0.00

Optional Plans (Hospital Indemnity, Cancer, Dental, Vision) – up to two optional plans can be taken by retirees at no cost if the retiree is not also enrolled in one of the Hospital Medical Plans. Otherwise, retirees can purchase the Optional Plans at the normal monthly rate of \$38.00 or \$50.00 for family dental

Members who retired on or after October 1, 2005, and before January 1, 2012, pay two percent of the employer premium for each year under 25 years of service, and for each year over 25 years of service the retiree premium is reduced by two percent.

(Continued)

NOTE 9 - OTHER POSTRETIREMENT BENEFITS (OPEB) - (CONTINUED)

B. Funding Policy - (Continued)

Employees who retire on or after January 1, 2012, with less than 25 years of service, are required to pay 4% for each year under 25 years of service. Additionally, non-Medicare eligible employees who retire on or after January 1, 2012 are required to pay 1% more for each year less than age 65 (age minimum) and to pay the set difference between the active employees subsidy and the non-Medicare eligible retiree subsidy (subsidy premium). When the retiree becomes Medicare eligible, the age and subsidy premium no longer applies. However, the years of service premium (if applicable to the retiree) will continue to be applied throughout retirement. These changes are being phased in over a five year period.

Surviving Spouse Rates

Surviving Spouse - Non-Medicare Eligible	\$ 740.00
Surviving Spouse - Non-Medicare Eligible and Dependent Non-Medicare Eligible	987.00
Surviving Spouse - Non-Medicare Eligible and Dependent Medicare Eligible	1,033.00
Surviving Spouse - Medicare Eligible	425.00
Surviving Spouse - Medicare Eligible and Dependent Non-Medicare Eligible	679.00
Surviving Spouse - Medicare Eligible and Dependent Medicare Eligible	725.00

The Board is required to contribute at a rate specified by the State for each active employee. The Board's share of premiums for retired Board employees health insurance is included as part of the premium for active employees. The following shows the required contributions in dollars and the percentage of the amount contributed for Board retirees:

<u>Fiscal Year Ending</u> <u>September 30,</u>	<u>Active Health Insurance Premiums Paid By Board</u>	<u>Amount of Premium Attributable to Retirees</u>	<u>Percentage of Active Employee Premiums Attributable to Retirees</u>	<u>Total Amount Paid Attributable to Retirees</u>	<u>Percentage of Required Amount Contributed</u>
2016	\$ 780.00	\$ 211.21	27.08%	\$ 1,045,992	100%
2015	\$ 714.00	\$ 180.76	23.17%	\$ 911,004	100%
2014	\$ 714.00	\$ 220.09	30.83%	\$ 1,020,972	100%

Each year the PEEHIB certifies to the Governor and to the Legislature the contribution rates based on the amount needed to fund coverage for benefits for the following fiscal year and the Legislature sets the premium rate in the annual appropriation bill. This results in a pay-as-you-go funding method.

(Continued)

NOTE 10 - LONG-TERM DEBT:

A. Long-Term Obligations

On July 12, 2016, the Board issued \$7,500,000 of Special Tax School Warrants, Series 2016. The purpose of the Warrants was to provide a portion of the funds needed to (a) construct a classroom wing at the new high school for grades 7 and 8 (b) certain energy conservation matters at Maddox Middle School, Memorial Park Elementary School, T.R. Simmons Elementary School, Songer Gym, Walker High School Field House and the Board's Central Office (c) three school buses (d) paying the costs of issuing the Warrants.

(Continued)

NOTES TO THE FINANCIAL STATEMENTS - (CONTINUED)

NOTE 10 - LONG-TERM OBLIGATIONS - (CONTINUED):

B. Long-Term Obligation Activity

Long-term liability obligations for the year ended September 30, 2016, are as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Amounts Due Within One Year
Governmental Activities:					
2016 Series Warrants	\$ -0-	\$ 7,500,000	\$ -0-	\$ 7,500,000	\$ 371,888
Other Liabilities:					
Compensated Absences	147,282	-0-	13,774	133,508	90,747
Net Pension Liability	21,302,000	3,405,000	-0-	24,707,000	-0-
Other Long-Term Liabilities	258,431	-0-	146,950	111,481	111,481
Total Other Liabilities	<u>21,707,713</u>	<u>3,405,000</u>	<u>160,724</u>	<u>24,951,989</u>	<u>202,228</u>
Governmental Activities Long-Term Debt	<u>\$ 21,707,713</u>	<u>\$ 10,905,000</u>	<u>\$ 160,724</u>	<u>\$ 32,451,989</u>	<u>\$ 574,116</u>

C. Debt Service Requirements

Debt service requirements on long-term debt at September 30, 2016 are as follows:

Fiscal Year Ending September 30,	Principal	Interest	Total
2017	\$ 371,888	\$ 125,753	\$ 497,641
2018	283,798	213,843	497,641
2019	292,311	205,330	497,641
2020	301,081	196,560	497,641
2021	310,114	187,528	497,642
2022-2026	1,695,828	792,378	2,488,206
2027-2031	1,965,929	522,277	2,488,206
2032-2036	<u>2,279,051</u>	<u>209,155</u>	<u>2,488,206</u>
Totals	<u>\$ 7,500,000</u>	<u>\$ 2,452,824</u>	<u>\$ 9,952,824</u>

(Continued)

NOTE 10 - LONG-TERM OBLIGATIONS - (CONTINUED):

D. Pledged Revenues

The Board issued Series 2016 Capital Outlay Warrants, which are pledged to be repaid from the proceeds of (a) the 3 mill special district ad valorem tax levied by the Walker County Commission pursuant to the provisions of Section 2 of Amendment 3 to the Constitution of the State of Alabama, (b) the 2.5 mill special district ad valorem tax levied by the City of Jasper pursuant to the provisions of Amendment 56 to the Constitution of the State of Alabama and (c) any tax (or taxes) levied in continuation, or in lieu, thereof. The proceeds are to be used for school construction, improvement of facilities and the purchase of buses. Future revenues in the amount of \$9,952,823 are pledged to repay the principal and interest on the Series 2016 warrants. Proceeds of the special taxes in the amount of \$994,060 were received by the Board during the fiscal year ended September 30, 2016.

E. Lease Obligations

Operating Leases

The Board is committed under various leases for office equipment. These leases are considered for accounting purposes to be operating leases. Operating leases do not give rise to property rights or lease obligations, and therefore, the results of the lease agreements are not reflected as part of the Board's capital assets. The Board has no noncancelable operating leases. Lease expenditures for the year ended September 30, 2016 amounted to \$55,315.

F. Other Long-Term Liabilities

When the superintendent resigned effective June, 2014, the Board entered into a contract with him to pay off the balance of his employment contract over 36 months.

The following is a schedule of the future payment requirements for the other long-term liabilities:

<u>Year Ended</u> <u>September 30,</u>	<u>Amount</u>
2017	\$ <u>111,481</u>

(Continued)

NOTES TO THE FINANCIAL STATEMENTS - (CONTINUED)

NOTE 11 - INTERFUND BALANCES AND ACTIVITY

The interfund receivables and payables at September 30, 2016, were as follows:

<u>Interfund Receivables</u>	<u>Interfund Payables</u>			
	<u>General Fund</u>	<u>Special Revenue</u>	<u>Capital Projects</u>	<u>Total</u>
General Fund	\$ -0-	\$ 11,317	\$ 16,229	\$ 27,546
Capital Projects Fund - Local	687,477	-0-	-0-	687,477
Special Revenue Funds	<u>473,121</u>	<u>-0-</u>	<u>-0-</u>	<u>473,121</u>
Totals	<u>\$ 1,160,598</u>	<u>\$ 11,317</u>	<u>\$ 16,229</u>	<u>\$ 1,188,144</u>

Interfund transfers for the fiscal year ended September 30, 2016 consist of the following:

<u>Transfers Out</u>	<u>Transfers In</u>			
	<u>General Fund</u>	<u>Special Revenue</u>	<u>Other Governmental Funds</u>	<u>Total</u>
General Fund	\$ -0-	\$ 634,179	\$ 687,477	\$ 1,321,656
Special Revenue Funds	20,043	200,046	-0-	220,089
Capital Projects Fund	<u>-0-</u>	<u>-0-</u>	<u>-0-</u>	<u>-0-</u>
Totals	<u>\$ 20,043</u>	<u>\$ 834,225</u>	<u>\$ 687,477</u>	<u>\$ 1,541,745</u>

The Board typically used transfers to fund ongoing operating subsidies, to recoup certain expenditures paid on-behalf of the local schools, and to transfer the portion from the general fund to the debt service funds to service current-year debt requirements.

NOTE 12 - RISK MANAGEMENT:

The Board is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Board has insurance for its buildings and contents through the State Insurance Fund (SIF), Alabama Department of Finance, Division of Risk Management, which operates as a common risk management and insurance program for state-owned properties and boards of education. The Board pays an annual premium based on the amount of coverage. The SIF is self-insured up to \$3.5 million per occurrence and purchases commercial insurance for claims in excess of \$3.5 million. Errors and omissions insurance is purchased from the Alabama Risk Management for Schools (ARMS), a public entity risk pool. The ARMS collects the premiums and purchases commercial insurance for the amount of coverage requested by pool participants. The Board purchases commercial insurance for fidelity bonds and a fleet policy. Settled claims in the past three years have not exceeded the commercial insurance coverages.

(Continued)

NOTES TO THE FINANCIAL STATEMENTS - (CONTINUED)

NOTE 12 - RISK MANAGEMENT - (CONTINUED):

Employee health insurance is provided through the Public Education Employees' Health Insurance Fund (PEEHIF) administered by the Public Education Employees' Health Insurance Board. PEEHIF was established to provide a uniform plan of health insurance for current and retired employees of state educational institutions and is self-sustaining. Monthly premiums for employee and dependent coverage are set annually by the plan's actuary and are based on anticipated claims in the upcoming year, considering any remaining fund balance on hand available for claims.

The Board contributes the specified amount monthly to the PEEHIF for each employee. The Board contribution is applied against the employees' premiums for the coverage selected and the employee pays any remaining premium.

The State Board of Adjustments is a state agency with which people can file claims against the Board to collect reimbursement for damages when all other means have been exhausted. The Board does not have insurance coverage for job-related injuries. Claims for employee job-related injuries may be filed with the State Board of Adjustment. The Board of Adjustment determines if a claim is valid and determines the proper amount of compensation. Payments are made from state appropriated funds at no cost to the Board. No claims or related settlements have occurred in the past three years.

NOTE 13 - CONTINGENT LIABILITIES:

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds or the general fund. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time although the Board expects such amounts, if any, to be immaterial.

NOTE 14 - COMMISSIONS, MAP AND APPRAISAL COSTS:

Commissions, county commission expense, current use interest (per court order), homestead exemptions and various other costs of the Board were deducted from current years taxes by the taxing authorities before they were remitted to the Board. The costs are excluded from the revenues in the financial statements as prescribed by the State Department of Education.

JASPER CITY BOARD OF EDUCATION

NOTE TO THE BUDGETARY COMPARISON SCHEDULE
YEAR ENDED SEPTEMBER 30, 2016

Note A - Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

	<u>General Fund</u>	<u>Special Revenue Fund</u>
Sources/Inflows of Resources		
Actual amounts (budgetary basis) available for appropriation shown as Total Revenues on the Budgetary Comparison Schedule	\$ 22,062,223.06	\$ 4,298,627.16
Differences - budget to GAAP:		
Local taxes are not budgeted as revenues unless receivable in time to pay budgeted expenditures	<u>(1,943.74)</u>	<u>0.00</u>
Total revenues as reported on the Statement of Revenues, Expenditures and Changes in Fund Balances - Governmental Funds	<u>\$ 22,060,279.32</u>	<u>\$ 4,298,627.16</u>
Uses/Outflows of Resources		
Actual amounts (budgetary basis) available for expenditures shown as Total Expenditures on the Budgetary Comparison Schedule	\$ 20,635,030.98	\$ 5,026,881.81
Differences - budget to GAAP:		
Salaries of teachers and other personnel with contracts of less than 12 months are paid over a 12 month period. Expenditures for salaries (and related fringe benefits) are budgeted based on the amount that will be paid from budgeted revenues. However, salaries (and related benefits) earned but not paid are reported as expenditures on the financial statements.	<u>259,640.24</u>	<u>75,656.48</u>
Total expenditures as reported on the Statement of Revenues, Expenditures and Changes in Fund Balances - Governmental Funds	<u>\$ 20,894,671.22</u>	<u>\$ 5,102,538.29</u>

The accompanying notes to the schedules of expenditures of federal awards are an integral part of this schedule.

JASPER CITY BOARD OF EDUCATION

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEAR ENDED SEPTEMBER 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

A. Basis of Presentation

The information in the accompanying Schedule of Expenditures of Federal Awards is presented in accordance with the Office of Management and Budget (OMB) Uniform Guidance. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the general purpose financial statements.

Federal Awards - according to the Single Audit Act Amendments of 1996 (Public Law 104-156) and OMB Uniform Guidance, Federal awards consist of Federal financial assistance and Federal cost-reimbursement contracts that non-Federal entities receive directly from Federal awarding agencies or indirectly from pass-through entities.

Federal Financial Assistance - pursuant to the Single Audit Act Amendments of 1996 (Public Law 104-154) and OMB Uniform Guidance, Federal financial assistance is defined as assistance that non-Federal entities receive or administer in the form of grants, loans, loan guarantees, property (including donated surplus property), cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, and other assistance. Accordingly, noncash Federal assistance, including food stamps, food commodities and donated amounts of Federal surplus property, is included in Federal financial assistance.

Major Programs - a risk-based approach to determine which Federal programs are major programs is required. Federal programs are classified as either Type A or Type B programs. Type A programs are defined as Federal awards expended during the audit period of \$750,000 or more. Type B programs consist of any remaining Federal awards with expenditures between \$187,500 and \$750,000. Type A programs and Type B programs are then classified as either high risk or low risk programs. Major programs for the audit period are all Type A high risk programs and one half of Type B high risk programs (limited by the number of Type A low risk programs) plus any of the remaining programs necessary to reach the percentage of coverage rule (e.g. aggregate Federal awards expended of at least 40% (.20% for a low-risk audit) of total Federal awards expended).

(Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED):

B. Basis of Accounting

The information presented in the Schedule of Expenditures of Federal Awards has been prepared using the modified accrual basis of accounting. Under this basis expenditures are recognized when incurred and revenues are recognized when they become susceptible to accrual, that is when they become both "measurable and available". "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period.

C. Noncash Assistance

The Jasper City Board of Education receives noncash assistance in the form of donated U.S. Department of Agriculture (USDA) commodities. The commodities received are recorded at the assessed value provided by the USDA.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Members of the Jasper City Board of Education
Jasper, Alabama

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Jasper City Board of Education as of and for the year ended September 30, 2016 and the related notes to the financial statements, which collectively comprise Jasper City basic financial statements, and have issued our report thereon dated June 1, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Jasper City Board of Education's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Jasper City Board of Education's internal control. Accordingly, we do not express an opinion on the effectiveness of Jasper City Board of Education's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

(Continued)

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Jasper City Board of Education's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Members of the Jasper City Board of Education
Jasper, Alabama

Report on Compliance for Each Major Federal Program

We have audited the Jasper City Board of Education's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Jasper City Board of Education's major federal programs for the year ended September 30, 2016. Jasper City Board of Education's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Jasper City Board of Education's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Jasper City Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

(Continued)

Auditor's Responsibility - (Continued)

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Jasper City Board of Education's compliance.

Opinion on Each Major Federal Program

In our opinion, Jasper City Board of Education complied, in all material respects, with the types of requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2016.

Report on Internal Control Over Compliance

Management of Jasper City Board of Education is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Jasper City Board of Education's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Jasper City Board of Education's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

(Continued)

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose

INDEPENDENT AUDITOR'S REPORT ON ADDITIONAL INFORMATION

To the Members of the Jasper City Board of Education
Jasper, Alabama

Our audit was made for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The additional information contained on pages 71 through 74 is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, accordingly, we express no opinion on it.

JASPER CITY BOARD OF EDUCATION
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
YEAR ENDED SEPTEMBER 30, 2016

Finding Number

2015-01

Type of Finding:

COMPLIANCE WITH LAWS AND REGULATIONS

Finding:

Alabama State Bid Law requires competitive bidding for all purchases of material, equipment, supplies, etc. involving \$15,000 or more. Two purchases were made without following the State bid law. These purchases were for welding equipment totaling \$39,676.93 and hydraulic ironworkers totaling \$27,512.00.

Recommendation:

The Board should request copies of bid documentation for purchases ordered on their behalf and bids should be let on all transactions meeting the requirements of the Alabama State Bid Law.

Status:

IMPLEMENTED
